How to be sure of rich, mellow Homemade Preserves

Experience has taught thousands of housewives that a preserving syrup made of 1/4 Karo (Red Label) and 1/2 sugar is the sure successful syrup for putting up fruit.

They get clear, firm jellies, preserves with a rich, heavy syrup, and delicious jams. Then, too, "candying" is avoided when they use this Karo method instead of all sugar alone.

This fine, clear Karo Syrup is a wonderful help in all kinds of preserving.

It blends the sugar with the fruits, brings out the rich, "fruity" flavor, and keeps your jams and jellies mellow in the glass.

For Cooking, Baking and Candy Making Karo (Red Label) is used in millions of homes. In all cooking and baking recipes use Karo instead of sugar. It is sweet, of delicate flavor, and brings out the natural flavor of the food.
